

Golda Meir House

Located in the Auburndale neighborhood of Newton, MA, Golda Meir House is a short walk from the MBTA's Woodland Station and Newton Wellesley Hospital. At the end of 2023, we added 68 affordable and accessible apartments, bringing the total to 267. Nine apartments are designated for chronically homeless individuals without age restriction, with supportive services provided by Hearth, Inc., in collaboration with 2Life. One apartment is reserved for our "scholars in residence" program, in which area graduate students provide programming for residents in return for significantly discounted rent.
