

Solimine House

Scheduled to open in early 2027, Solimine House will provide 150 affordable apartments for seniors on the site of the former Union Hospital in Lynn. A ground-floor Village Center will include flexible spaces for fitness and wellness activities, arts and culture programs, lifelong learning, communal dining, and community events. In addition, a private courtyard at the center of the site will open up to more than 40,000 square feet of public green space, while a pedestrian walkway will connect Solimine House to the newly constructed Element Care PACE center.
